

Rosenbaum Bros' BIG SUMMER Clearance Sale.

Past Records Broken.

We propose to make this sale the greatest event of our history. Every dollar's worth of surplus stock has been marked at prices to close it in a week; cost, former value and loss will not be considered; we are bound to sell the goods. We mean just what we say and want you to regard every word as a cold fact. We consider it a wise loss and take it cheerfully. The sale will last just one week, and it is a buying opportunity that none should miss.

On Thursday night lightning struck the house of Julius Joel, No. 30 Third avenue n. w. The bath room was the part of the house attacked and some papers were ignited. The shock was so great that a Miss Carr in a house nearby was greatly shocked. During the same thunder storm lightning struck the big granary belonging to T. M. The purpose of the invention is to provide a bearing for shafting generally and particularly for the shafts of the fly or drive wheels of sewing machines, scroll saws,

lathes and other machinery which will enable any looseness occasioned by wear being readily taken up, so that the shaft will run steady and noiseless and which at the same time will provide for the removal of the shaft when required for cleaning, repairing or other purposes. Mr. Strickler is now negotiating with prominent manufacturers for placing his valuable device on the market.
